HYD. POWERPACK KILN THRUSTER

AUTOMATIC GUN FIRING SYSTEM (DEFENCE)

“HYTECH HYDRAULIC” IS MANUFACTURER OF HYDRAULIC CYLINDER & POWERPACK.

HYTECH MEANS LATEST TECHNOLOGY & RELIABLE, DEPENDABLE LOW COST AUTOMATION with BOOST in PRODUCTIVITY.

MORE THAN TWO THOUSAND CYLINDER & 250 POWERPACKS HAVE BEEN WORKING AT MORE THAN TWO HUNDRED COMPANIES FOR LAST TWELVE YEARS.

WE, AT “HYTECH HYDRAULIC” HAVE EXECUTED PRESTIGIOUS ORDER OF “SYNCRONISATION OF 16 CYLINDER WITH 50 TON LOAD ON EACH CYLINDER “ for BARC testing. Fine Flow control valve is developed for Thyssen Krupp for Cement Plant. Load Cell and 20 Ton Jacks are provided for Nayveli Lignite Corporation

HYTECH is Associated with Latest CAD Software and we have developed our own Design Software for Optimization of Hydraulic System

Full fledge Manufacturing setup is available at Pune works. We have done work in with Proportional valve, PLC based control system and Latest Servo system Computer Aided Control and Data Acquisition System.

- A) MISSION OF COMPANY
- B) INTRODUCTION
- C) MANUFACTURING FACILITIES
- D) RESPONSIVE AFTER SALES SERVICES
- E) PROJECT HANDLED
- F) SOME PRESTIGIOUS CLIENTS

A) MISSION OF COMPANY :-

“To achieve the status of dependable & responsible for Fluid Power Automation in Industry to Boost Productivity & Quality through vast, varied experience & Partnering in imparting the appropriate technology with new emerging economy.”

B) INTRODUCTION :-

Company was started in the year 1991 by a technocrat, for bringing Hi-tech technology to the Industry at competitive cost

C) MANUFACTURING FACILITIES: -

Today company is having builtup area area of 3000 Sq.Fts. equipped with latest high efficiency precision machinery & Quality Control Equipments. 100% Functional Tests are done for each out going Products.

Various Precision machines are engaged for Manufacturing Precision Products. Hytech believes that their most valuable instrument apart from land & machinery is its trained & satisfied work force.

Today, company employs,

Engineers : 5
Skilled workers : 8
Staff : 2

D) RESPONSIVE AFTER SALES SERVICE :-

Success of PROJEC depends on Team work & Intensive Field Support & Trial . Hytech is having Responsible after sales service activity, backed up by factory-trained staff.

Alongside of service back-up, company also imparts well drawn up training to the operators to achieve "ZERO DOWN TIME"

E) PROJECTS HANDLED: -

- 1) Tailstock Drilling Operation
- 2) Computer controlled Hydraulic System with Software & Hardware.
- 3) Sequencing of Five Cylinder
- 4) Synchronization of 18 Cylinders
- 5) Development of Flow Control Valve to regulate flow rate
1.2 cc/min at 250 Bar Pressure for Kiln Thruster of Ambuja Cement.
- 6) Pan Discharge Valve for Krupp Industry.
- 7) Jack of 700 Bar Pressure for Naivelle Lignite Corporation
- 8) Servo system for Fatigue Testing of Automobile Component

F) SOME PRESTIGIOUS CLIENTS

1. Sulzer India Ltd.
2. Ambuja Cement , Mumbai
3. Tata Auto Component ,Pune.
4. Thyssen Krupp Industries I Ltd.
5. Naveli Lignite Corporation
6. Vip Industries Ltd.,
7. Walchandnagar Industries Ltd.
8. Army Base Workshop, Pune
9. Government of India Ministry of Defence, MTPF, Ambernath.
10. Lawkin Pvt. Ltd., Satara.

More than 200 Satisfied Clients.

"HYTECH WILL OFFER YOU TOTAL COST EFFECTIVE SOLUTION WITH THE MAXIMISATION OF PRODUCTIVITY
